Brit-Lube is a family owned British Company and we are proud to support British manufacturing!

FOOD-TEK FOOD GREASE 3H

Premium Quality Multi-Purpose Grease suitable for Direct Food Contact

DESCRIPTION

FOOD GREASE 3H is a premium quality, translucent, odourless, non-toxic lubricant designed for optimum lubrication and protection of seals, guides, bearings, blades, and other machinery operating in Food & Pharmaceutical environments where direct food contact is inevitable.

FOOD GREASE 3H is suitable for all bearing types and designed for use on mixers, slicers, mincers, seals etc. where contact with food-stuff cannot be avoided.

FOOD GREASE 3H is also designed for use as a release agent on grills, ovens, loaf pans, boning benches, chopping boards and other hard surfaces that come in contact with food stuff to prevent the adherence of products during processing.

APPLICATIONS

FOOD GREASE 3H is suitable for use in applications where there is direct food contact including blades, hand tools, cutting equipment used in meat processing. It is also designed for use in plain, roller bearings, sliding surfaces, bushes, shafts, seals etc and general Food Industry machinery applications.

FEATURES AND BENEFITS

- Has excellent EP properties with a 4-ball weld load of 355kg
- Excellent corrosion resistance to increase life of components
- Wide temperature range effectively operating a temperature -10 °C to + 110 °C
- Insoluble in water – Good sealing properties protect against ingress of water and other contaminants
- Anti-Wear performance prolongs component life
- Very adhesive
- Suitable for use as a Multi-Functional grease

Colour	Translucent
Appearance	Smooth
NLGI Grade	2
Dropping point °C	None
Nature of base oil	European pharmacopoeia

Available in Standard Cartridges & Lube Shuttle

Pack sizes from: 400gram, 1kg, 12.5kg, 18kg, 50kg, 185kg

Food-Tek

Nonfood Compounds
Program Listed (H1)
