

A British Lubricants Company

**Support British Manufacturing & Buy British!**  
Brit-Lube is a family owned British Company and we are proud to support British manufacturing!

# MULTI-LUBE XTREME

**A superior fully synthetic, non-toxic, extremely versatile lubricant fortified with a stable suspension of sub-micron PTFE**

## DESCRIPTION

**Multi-Lube Xtreme** is a premium quality extremely versatile lubricant fortified with a stable suspension of PTFE (commonly known as Teflon) to give superior friction reduction and load carrying characteristics. It is designed to penetrate chains, wire ropes, threads, internal components etc.

**Multi-Lube Xtreme** has anti-corrosion and anti-oxidation additives and a penetrating fluid, which, when evaporated, leaves behind a durable lubricating film that protects against corrosion and reduces wear and friction. This non-stick synthetic oil / PTFE based film repels water, dust and other contaminants.

## APPLICATIONS

Suitable for all types of chains, bearings, sliding surfaces, open lubrication points on equipment & machinery including those under high loads. Prevents internal corrosion on chains, wire ropes etc, resists water wash off and protects against contaminants, dust, dirt etc. As a general maintenance product, it cleans, protects, displaces water, and lubricates all surfaces and components.

## FEATURES AND BENEFITS

- Fully Synthetic base oil, extends wet life of lubricant
- Excellent penetrating properties frees-up corroded nuts, bolts and threads
- Contains sub-micron polarised PTFE for unrivalled wear resistance
- Truly multifunctional can replace many workshop products
- Excellent thin film coating protects against fretting corrosion, wear and squeaks
- Removes moisture and water prevents components from corroding
- Sub-Zero to High Temperature performance -40°C to +170°C

**This product is Non-Toxic and contains no Allergens, Genetically Modified Ingredients, and does contain any Nut Oil & Nut Oil Derivatives.**
