

HAND SANITISING GEL

**ALCOHOL
>70%**

**KIND TO
HANDS**

**CRUEL TO
GERMS**

- **Kills 99.99% Viruses, Germs & Bacteria**

DESCRIPTION

Stay Safe Hand Sanitiser Gel is a >70% Alcohol hand sanitiser that decontaminates hands, preventing the spread of infection and disease when washing with soap and water isn't possible. The objectives of using hand sanitiser are to:

- Remove or destroy potentially harmful micro-organisms
- Prevent hands from becoming a vector of cross-infection
- Ensure hands are clean to prevent the spread of disease

Properly cleansing or washing your hands is one of the simplest ways to protect yourself and the people around you from illnesses due to viruses, germs & bacteria. Cleansing with Stay Safe Hand Sanitiser when soap and water aren't available is the most important thing you can do to prevent the spread of illness and infection.
