

Technical Data Sheet

Meltasol

Low Hazard Cleaner for Hot Melt/ Cold Adhesives

Meltasol is a unique, ultra pure cleaning solvent formulated from naturally occurring substances.

Meltasol is an ideal low hazard replacement for dangerous cleaners based on chlorinated hydrocarbons and aromatic solvents. By using only low hazard substances we ensure that Meltasol is safer for people, the environment and materials its applied to.

USES

- External surfaces of glue equipment
- Tools contaminated with glue residues
- Floors contaminated with glue residues
- Glue machinery components cleaning during overhaul and refurbishment
- In short: anything contaminated with glue or adhesive residues

DIRECTIONS

- Meltasol should always be used cold
- Meltasol may be applied by spray, dip, or swab
- Leave to soak for a few minutes, wipe off. Built-up deposits of adhesive may need repeated application of Meltasol
- Meltasol will soften and loosen adhesive residues on floors, allowing them to be easily scraped off

Part Number: BL-76103
