Brit-Lube is a family owned British Company and we are proud to support British manufacturing!

# FOOD SAFE PLUS

**Food Grade Universal Grease NLGI Grades; 2, 1, 0, 00**

**A Premium quality synthetic, multi-purpose, water resistant grease for Food, beverage, Pharmaceutical and other Clean Industries**

## DESCRIPTION

**Food Safe Plus** is fully synthetic food grade grease manufactured using the most advanced lubrication technology and is designed to cover a wide range of Food Industry Applications. Including low/high temperatures, wet & saturated conditions, heavily loaded applications, and where there is a presence of dust & other contaminants.

**Food Safe Plus** is formulated with Extreme Pressure (EP) additives and sub-micron polarised ptfе particles to provide a high degree of anti-wear/ friction reduction.

## APPLICATIONS

Plain, ball & roller bearings, sliding surfaces, bushes, shafts and general Food & Non Food Industry machinery applications.

## FEATURES AND BENEFITS

- NSF H1 registered as safe to use where incidental food contact may occur
- Available different grades to suit pumpability, application and temperature range
- Fully synthetic long-life grease extends lubrication intervals
- Very high-water resistance extends component life & drives out moisture
- Excellent wide temperature range of -50°C to + 180°C
- High Load Grease with a 400kg Weld Load rating
